Dear Valued Customer:

July 10th 2018

Please be advised that we here at Anderson Brothers value your business above all else. Effective July 1st our O.E. Manufacturing partners have decided to pass along to all of us in the aftermarket a Midyear Price Increase.

For the most part we are looking at a 2-5% increase on parts. HOWEVER, some items have seen a significant price increase, in some cases as much as 18-23% on parts or assemblies.

While we would like to provide you with a 30-day lead time before this new pricing became effective in most cases we were just given the July 1st date as an effective.

The following product lines as of July 1st. 2018 been affected:

Fuller: Transmissions and Components
Eaton: Clutch Assemblies and Components
Dana: Axle Assemblies and Components
Dana: Off Highway Assemblies and Components
Axle Tech: Axle Assemblies and Components
Meritor: Transmission, Differential, Off Highway and Components

If you have any questions please give us a call, and **Thank You** for your Business.

Thank You

Kyle Forster
