

May 31, 2022

Dear Valued Customers,

Effective July 1st, 2022, there will be a price increase across the entire Anderson Brothers Product Line.

These changes range from 2-7% on most products. This modest adjustment is a result of severe and unforeseen added costs in the supply chain, commodities, freight, and general economic headwinds. If you have any questions regarding pricing, please contact us here at Anderson Brothers.

Thank You,

Kyle Forster
